ali.nasser.dev@gmail.com

## PROFILE

An experienced front-end web developer with a demonstrated history in designing and developing websites. Skilled in web design & development, and UI/UX, with the ability to perform meticulously with strict deadlines under pressure and with minimal supervision. I have a passion for design, an eye for detail, and a technical and creative mind to create a story for your business together on the website, not only to visually please the watcher but an intriguing story that creates a mood that draws the viewers and making them wait for your next product.

## EXPERIENCE

2021 - NOW

### FRONTEND WEB DEVELOPER

L-ONE SYSTEMS GMBH - FULL TIME (11 MONTHS)

I joined to L-One systems GmbH company which is a German based firm contains 50+ employee and I started to work in their office in Damascus. My role with them is to **create and maintain the front-end for various mid-to-large-scale websites** for their external customers by designing and integrating new features that aim to improve business efficiency and productivity for their clients.

2018 - 2021

### FRONTEND WEB DEVELOPER & UI/UX DESIGNER

TIEQODE - SELF-EMPLOYED / PART TIME (3 YEARS AND 9 MONTHS)

At the end of 2018, I started TIEQODE as a software solutions online company with a group of my colleagues and we worked with a lot of clients inside and outside my country, and all of those clients give us a good feedback about our work. My main job with TIEQODE team is:

- Creating the front-end of websites like e-commerce, portfolio, and landing pages.
- Designing mobile application interfaces as a UI/UX.
- Creating wireframes, prototypes, and UI mockups.

2019 - 2019

### UI/UX DESIGNER

WIZME - REMOTELY / PART TIME (3 MONTHS)

I started to work as a UI/UX designer with Wizme company which is a UK firm with a team of around 20 employee. We worked together on their own product which is a meeting and group booking management technology solution for venue intermediaries, and organizations that provide end-to-end automation of the booking process.

2018 - 2019

### FRONTEND WEB DEVELOPER

ENVATO MARKET - SELF-EMPLOYED / PART TIME (1 YEAR AND 8 MONTHS)

I joined to TIEQODE team, then we started to design & develop blogger/wordPress themes in envato market (themeforest). And so far, we have been published 5 themes with total sales of 100+ and 4.6/5.0 of customers rating.

HTML/HTML5 | JAVASCRIPT | JQUERY | CSS/CSS3 | SASS | MYSQL | BOOTSTRAP | GIT/GITHUB | PHP | WORDPRESS | JSON | AJAX

2017 - 2018

### GRAPHIC DESIGNER

99DESIGNS - FREELANCER (9 MONTHS)

My very first job was as a freelancer graphic designer in the 99designs community. I entered a lot of company contests to design logos and business cards. I left this work because I moved to UI/UX designing and web development.

## OPEN SOURCE CONTRIBUTIONS

When I was in college I've created a GitHub account to put the codes that I learned with it, and some of my side projects, as well as the projects that I made during my study years to let other people benefit from them. You can see these open source projects here: https://github.com/ali-mohammed-khair-nasser

## VOLUNTEER EXPERIENCE

2019 - 2019

### UI/UX DESIGNER & FRONTEND WEB DEVELOPER

RBC'S TEAM - VOLUNTEER (4 MONTHS)

My main job was creating the UI/UX and the frontend design of the RBCs team website for the students, which provides easy browsing and downloading of the lectures and files to facilitate the educational process for all the students of all universities and institutes of the Syrian Arab Republic.

## EDUCATION

2021 - NOW

### MASTER'S DEGREE, WEB SCIENCE (ONLINE)

SYRIAN VIRTUAL UNIVERSITY (SVU)

The work experience and the knowledge that I've gained from college prepared me well to continue my higher education. So I started a master's degree at SVU because it is one of the best universities in Syria, and this master will help me get more skills that will put me on the right way to pursue professional experience and let me stay up to date with the latest technologies in the world of web design & development.

2016 - 2021

### BACHELOR'S DEGREE, COMPUTER SCIENCE & ARTIFICIAL INTELLIGENCE

DAMASCUS UNIVERSITY - FACULTY OF INFORMATION TECHNOLOGY ENGINEERING

I was always fascinated in computers and technologies in general, and at school, Math and computer science were my favorite subjects. They were taking me to another world where the time does not exist. Thus, I knew for sure that computers should be at the heart of my future career. So after finishing my study in high-school with a honor degree, I choose to study at the faculty of information technology engineering at Damascus University as I saw it as an essential field for all organizations and it offers plenty of opportunity for progression and growth.

## SKILLS

4 years ago, I started to learn the first web language "HTML" and within these years I have been learning Web & UI/UX design depending on online courses and self-learning. In addition, I have been learning Python and Java with JavaFX programming languages and many other programming concepts for 5 years in the ITE collage of Damascus university.

### MY STRONGEST SKILLS

| | | | | | |
|---|---|---|---|---|---|
| HTML5/CSS3 | | CSS-SASS | | JAVASCRIPT | |
| VUE JS/VUEX | | TYPESCRIPT | | GIT/GITHUB | |
| TAILWIND-CSS | | NUXT JS | | ADOBE XD | |
| JEST-TESTING | | BOOTSTRAP | | | |

### OTHER SKILLS

| | | | | | |
|---|---|---|---|---|---|
| REACT JS | | REDUX | | DOCKER | |
| ILLUSTRATOR | | PHOTOSHOP | | JQUERY | |

## LANGUAGES

It's been about 15 years since I learned my first English word in the elementary school, and now I consider myself an advanced English learner after 15 years of self-learning. Likewise, I started to learn the basics of the German language five months ago.
