Ali Nasser

Frontend Web Developer - UI/UX Designer

EXPERIENCE

2021 - NOV

FRONTEND WEB DEVELOPER

L-ONE SYSTEMS GMBH - FULL TIME

I joined to L-one systems company which is a German-based firm, and my role with that company is to create and maintain the front-end for various mid-to-large-scale websites for their external customers using VueJS and NuxtJS frameworks by designing and integrating new features that aim to improve business efficiency and productivity for their clients.

2018 - 2020

UI / UX DESIGNER & FRONTEND WEB DEVELOPER

SELF-EMPLOYED - PART TIME

At the end of the 2018 year and after we left the Envato market, we started the TIEQODE as a software solutions company and we worked with a lot of clients with a total rating of 5 stars. And my main work with the TIEQODE team is:

- Creating the front end of websites like e-commerce, portfolio, landing pages ...etc.
- Designing mobile application interfaces as a UI/UX.
- Developing user flows.
- Creating wireframes, prototypes, and UI mockups.

2019 - 2019

UI / UX DESIGNER

WIZME - REMOTELY / PART TIME

I started to work as a UI/UX designer with Wizme company in the UK. We worked together on the Wizme project which is a meeting and group booking management technology solution for venue intermediaries, and organizations that provide end-to-end automation of the booking process.

2016 - 2018

FRONTEND WEB DEVELOPER

ENVATO MARKET - FREELANCER

I joined to TIEQODE team, then we started to develop Blogger/WordPress themes in Themeforest. So far, we have been publishing 5 themes with total sales of 100+ and 5.0/4.6 customers rating.

2015 - 2016

GRAPHIC DESIGNER

99DESIGNS - FREELANCER

My very first job was as a freelance graphic designer in the 99designs community. I entered a lot of company contests to design logos and business cards. I left this work because I moved to the UI/UX and web designing.

VOLUNTEER EXPERIENCE

2019 - 2019

UI / UX DESIGNER & FRONTEND WEB DEVELOPER

RBC'S TEAM - VOLUNTEER

My main job was creating the UI/UX and the frontend design of the RBCs team website for the students, which provides easy browsing and downloading of the lectures and files to facilitate the educational process for all the students of all universities and institutes of the Syrian Arab Republic.

EDUCATION

2016 - 2021

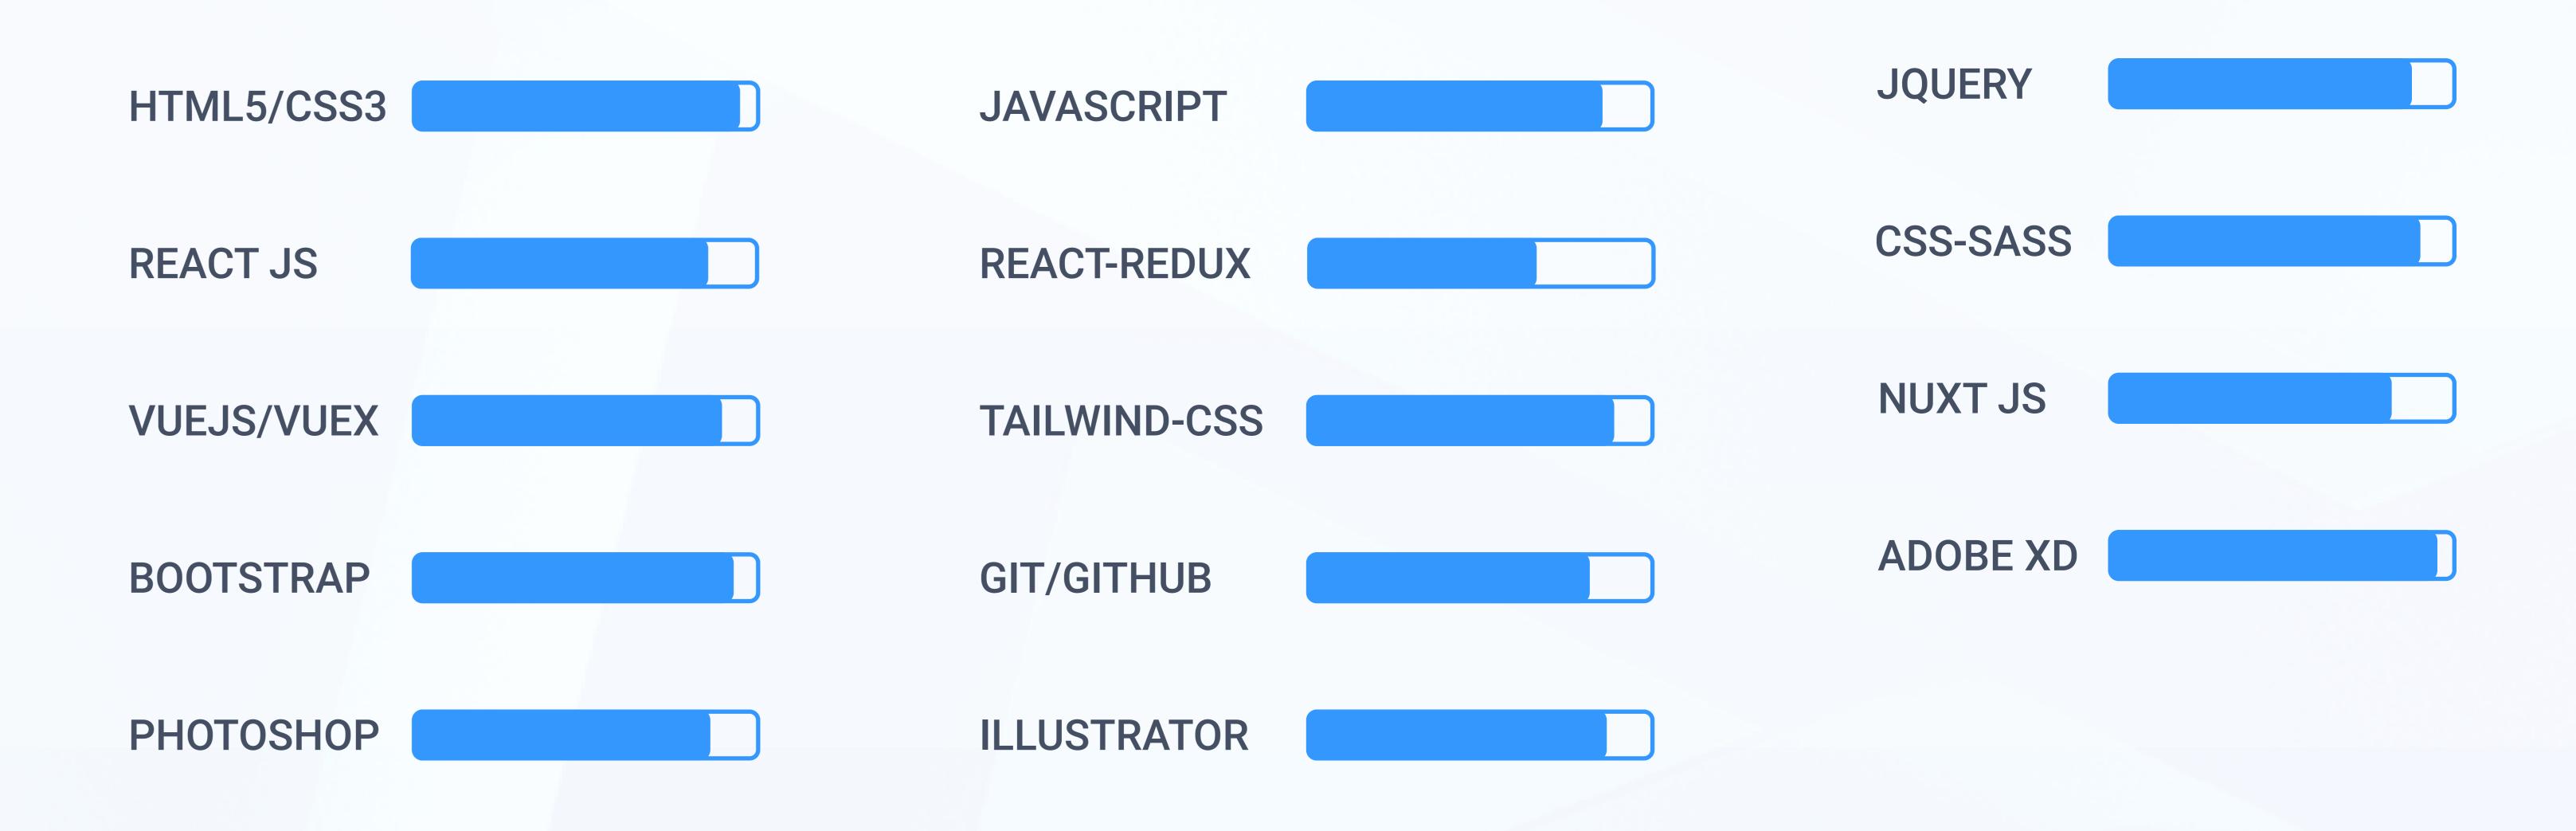

BACHELOR'S DEGREE, COMPUTER SCIENCE & ARTIFICIAL INTELLIGENCE

DAMASCUS UNIVERSITY

Since I was a kid, I was interested in computers and technologies in general, and in school, Math and computer science were my favorite subjects. they were taking me to another world where time is nonexistent. Thus, I knew for sure that computer science and programming should be the core of my future profession. So when I finished my study in high school with a very good degree, I chose to study the information technology engineering at Damascus university as I saw it as an essential field for all organizations and it offers plenty of opportunity for progression and for further studies.

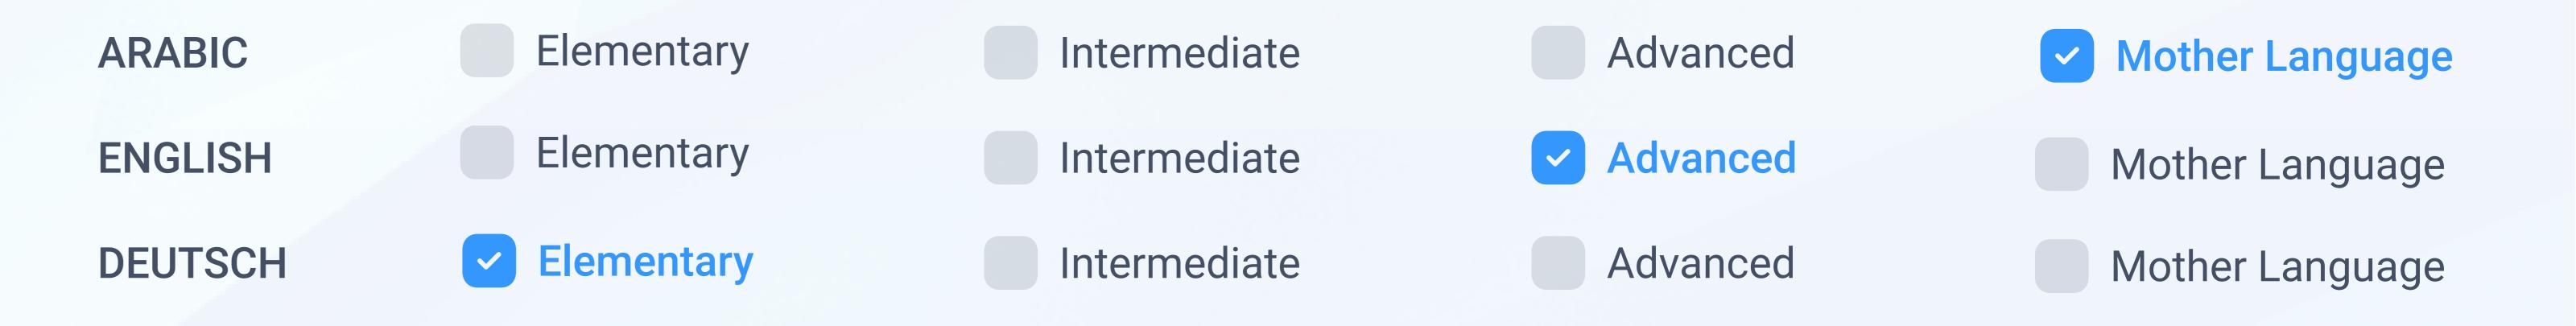

SKILLS

5 years ago, I started to learn the first web language "HTML" and within these years I have been learning Web & UI/UX design depending on online courses and self-learning. In addition, I have been learning Python and Java with JavaFX programming language and many other programming concepts for 5 years in the ITE collage of Damascus university.

LANGUAGES

It's been about 15 years since I learned my first English word in the elementary school, and now I consider myself an advanced English learner after 15 years of self-learning. Likewise, I started to learn the basics of the German language five months ago.

EF SET ENGLISH CERTIFICATE 79/100 (C2 PROFICIENT)
